

Associate Membership Leeds Audio Visual Group

LAVG has introduced, from this season, an additional tier of membership, called **Associate Membership**. This scheme is designed for those interested in AV but who cannot regularly attend the club's meetings, held on alternate Friday nights, mainly because of the distance they live from our base in Leeds. They would be, however, most welcome to attend a limited number of meetings.

An Associate Member can enjoy most of the benefits of group membership and is able to access the club's activities just as can our full members but s/he would **not** have voting rights or be eligible for committee membership.

They are eligible to enter club competitions and have their work considered for inclusion in shows or in battles against other clubs. Associate members are able to submit sequences for advisory sessions and seek and receive help from other club members.

They would pay a reduced membership fee of £25 per annum for a single member or £30 for a couple.

As this is the first year we have offered this grade of membership we would welcome any comments or changes you might like to see introduced in order to help you pursue our fascinating hobby of Audio Visual. We are aware that there are many people in the North of England who do not have easy access to an AV Club and hope that the new scheme will help their interest in AV as well as helping Leeds AV Group to continue to provide a full range of help and inspiration in all aspects of AV.
