

Associate Membership Leeds Audio Visual Group

LAVG is considering introducing the possibility of Associate Membership. This is designed for those interested in AV but who can not regularly attend alternate week Friday night meetings mainly because of the distance they live outside Leeds. They would be welcome to attend a limited number of meetings.

Associate members would enjoy most of the benefits and access of full members but would not have voting rights or be eligible for committee membership.

They would be able to enter club competitions, submit sequences for advisory sessions and offer and receive help from other club members.

They would pay a reduced membership fee of £25 per annum for a single member or £30 for a couple.

As this is the first year we are offering this grade of membership we would welcome any comments or changes you might like to see introduced in order to help you pursue our fascinating hobby of Audio Visual. We are aware that there are many people who do not have easy access to an AV Club and hope that this proposal will help their interest in AV as well as helping Leeds AV Group to continue to provide a full range of help and inspiration in all aspects of AV.

If you are interested in becoming an associate member or for more information/comment, please contact:
